

Assignment

```
scp -i C:\Users\user\Downloads\project_bd.pem C:\Users\Aravind Kumar\eclipseda-  
workspace\GenderClassification\src\main\java\genderClassification\classification.java ec2-  
user@ip-10-0-0-14:/home/ec2-user/
```

To generate the Jar file the above command is used

The Model is evaluated using the MulticlassClassificationEvaluator model and using which we finally evaluate whether the model turned to be good or bad.
